

Ezequiel Federico Diaz Trigo

Junior Developer

Profile

I'm a passionate software developer with experience in Salesforce (Apex, SOQL, OmniStudio, LWC) and Android (Kotlin, Coroutines, REST API, database, Shared Preferences, Retrofit, Room, SQLite, XML, MVVM, SDK, DataStore). Specialized in building efficient and scalable applications. I complement my profile with creative skills in digital illustration. Always seeking new challenges and innovation.

Work Experience

Packaged App Development

Accenture Argentina
October 2025 – Now

- Develop and maintain enterprise Salesforce solutions using Apex, SOQL, and Lightning Web Components
- Analyze logs and perform debugging and troubleshooting to resolve production incidents.
- Manage version control and deployments using Git and Azure DevOps.
- Work within Agile/Scrum environments, participating in daily meetings, sprint planning, and retrospectives.
